

FEA Human Civil Rights Coordinator's Annual Report

July 2005

Wanda Herrin Beatty

This year has truly been an on the job training experience for me. I truly appreciate the patience and support of the FEA Board Members and the Office Staff during this time. Presently I am working closely with the NEA Human Civil Rights Office to continue to provide training, grants and awards, caucuses/conferences and other activities that will empower and expand our membership.

Meetings/Conferences that I have attended this year on behalf of members include:

September	Stateside Area Council Meeting	Peachtree City
October	FEA Board Meeting	Washington DC
January	Mid-Atlantic Minority/Leadership Conference	Columbus, Ohio
February	Stateside Area Council Meeting	Charlotte, North Carolina
	FEA Board Meeting	Washington DC
April	Black Caucus	Kansas City, Kansas

I have participated and/or hosted are:

Facilitator for Mid-Atlantic Minority/Leadership Columbus, Ohio
Session: Enlightened Leadership with Delores Penton & Jim Spencer

Host for the 2005 Human Civil Rights Training for Coordinators at Fort Jackson, South Carolina.

The focus of this training was to provide HCRS' with information to help them become more effective in their local associations. It will also provide an opportunity to continue our collaboration with the NEA Human Civil Right Office. It is hoped that the HCRS' after training will be better equipped to build membership and to work on issues and concerns of minorities.
