Dear Member,

You deserve to be seen, heard, and respected—and we're committed to making sure that happens.

FEA is expanding our communications efforts by launching a new social media presence and welcoming new staff to help us better connect with you. Stay tuned on [Facebook](#) for both announcements!

At the core of these changes is a simple goal: **to better support and uplift the educators we represent through clearer, more responsive communication.**

We know how hard you work across DoDEA schools. You show up for your students, your communities, and one another every day. We see you—and we want to spotlight your stories.

Tell Us Your Story

Who inspired you to teach? What keeps you going? Email us a story, a photo with caption, a voice memo, or a short video.

Send your submissions to: feaadmin@nea.org

Your stories may be featured in an upcoming post. By submitting, you give FEA permission to share it across our platforms.

In solidarity,
FEA Communications Team
