## **Implementation Guidance - Student Information System (SIS)**

The purpose of this document is to provide revised information on the continuing implementation of SIS within DoDDS. In recognition of issues encountered during the continuing implementation of SIS, it has been decided to amend the grading requirement for Elementary Teachers (K-3). This only amends that portion of the July 19, 2006, paper on the same subject which deals with Grading for Elementary Teachers (K-3).

### **SY 2006-2007**

#### **Grading**

##### **Elementary Teachers (K-3)**

- Grade data entry and reporting will follow current (SY 2005-2006) practice in schools.
- Elementary teachers (K-3) who choose to do so may also enter quarter marks (report card grades) and/or comments for all marking periods in SIS
- On-going and timely one-on-one support will be provided, as needed, by local/district staff members
