Member Spotlight: Marangeli "Mrs. E" Encarnación

Happy first day of spring! While winter will soon be a distant thought, FEA wants to shine a spotlight on someone featured in our Winter Journal, Marangeli Encarnación, known to many as Mrs. E.

Mrs. E is a kindergarten educational aide at Kessler Elementary and a dedicated union leader in Fort Stewart. Over the past six years as local president, she has helped rebuild her local through trust, consistency, and deep care for others. Marangeli believes educational support professionals are the heart of schools, and her leadership reflects that every day through service, advocacy, and community.

To read more about Mrs. E and other inspiring members, check out the Winter Journal here: <https://feasonline.org/fea-journal-winter-2026>

And with spring underway, the Spring Journal is now in the works and will be released in a few weeks. **If you'd like to spotlight yourself or someone else in the weekly FEA newsletter or the Spring Journal, please reply to this email with a photo and a few details.**

FEA E-Voting Is Underway!

E-voting for FEA elections is now underway. If you have not voted in an FEA election before, or if this is your first time using FEA's new electronic voting system, we encourage you to review this quick video tutorial on how to cast your ballot online.

Video tutorial: <https://help.simplyvoting.com/docs/the-voting-experience?highlight=exper>

The tutorial walks members through the online voting experience step by step and can be a helpful resource before you open your ballot. Since FEA has now moved fully to electronic voting, this is also a great guide to save for future elections.

Electronic voting helps make the election process more accessible, efficient, and timely while still maintaining the integrity of the process. Members in good standing receive their ballot materials electronically, and voting takes place during the designated election period.

Please take a few moments to review the tutorial and make sure your vote is counted.

In solidarity,
